# DIFFERENT WAYS OF LIVING

## ARTWOOD

With a passion for design and decor, Artwood was founded in Sweden in 1969. A family business that still dares to go its own way. After long journeys to the East, they took home exotic materials that today are the basis for Artwood's design.

With inspiration taken from the American East Coast mixed with a sense of the pulse of the city and rural life, or a house by the sea. We call it Artwoodstyle. Elements which together form a whole natural sense of quality in the individually decorated home.

Our basic materials are rattan, wood and textiles. As nature has its nuances, our furniture has a soul. Every piece of furniture tells its own story. A home reflects one's personality, it should be an inspiration and a place to enjoy and socialise. Each style speaks for itself. Our product range can be varied and mixed to suit your personal style.

---

## HALO ESTABLISHED 1976

The Halo Group, founded by Major Philip Oulton, began life as Halo Antiques in 1976. Major Oulton loved fine furniture and had an eye for attractive antique pieces, which he bought from local people and then sold on within the UK and throughout the world.

His love of beautiful furnishings has been passed onto his sons, Tim and Charlie. The family tradition continues of supplying high quality, beautiful furniture inspired by the company's British heritage.

Halo Established 1976 uses the finest materials to develop our distinctive designs in-house, allowing us to create quality furniture that looks good and will also last. All our furniture is hand-crafted making each piece unique. We use traditional techniques and tools which add to the overall quality and durability of our furniture.

Halo has a reputation for designing and manufacturing distinctive, innovative furniture. Influenced by iconic designs of the past and present, the Halo collection is a testimony to timeless elegance.

Selection of

# SOFAS

The sofa is at the heart of the home, where the combination of style and comfort is a necessity.

## SOFAS

# LEATHER SOFAS

Using full grain aniline leathers, dyed with translucent soluble dyes and finished by hand. This traditional method of dyeing and finishing retains the unique natural surface and grain of the leather.

w: 210 cm d: 89cm h: 85cm sh: 45cm

Grey Lacak A1035

A dark brown leather armchair with brass nailhead trim is the central focus. A thick, brown fur blanket is draped over the back and right side of the chair. In front of the chair, a stack of seven books is neatly piled. The top book is 'MOTORCYCLE', followed by 'Heatherwick', 'BLACK', 'FROM NINETEEN TO NINETEEN', 'BACHELOR STYLE', 'INTERIOR: Philip Johnson', and 'ROBERTO CAPAZO'. To the left of the chair is a tall, dark metal floor lamp with a large, ornate crystal chandelier. The background features a wall of stacked logs, a white fireplace mantel with three decorative vases, and a large, ornate crystal chandelier hanging from the ceiling. The floor is a dark, patterned rug.

FOR MORE INFO VISIT [WWW.ARTWOOD.NZ](http://WWW.ARTWOOD.NZ)

A close-up photograph of a crystal chandelier. The chandelier features a central lit candle-style bulb with a warm, golden glow. The bulb is mounted on a clear, faceted crystal holder. Below the holder, several large, teardrop-shaped crystal pendants hang, catching the light and creating a sparkling effect. The background is dark, filled with numerous out-of-focus, warm-toned bokeh lights, suggesting a festive or elegant interior setting.

Selection of  
**LIGHTS**

Set the mood with ambient lighting.

### WASHED LINEN & VELVET CUSHIONS

Inviting a sense of luxury, the Spirit of the Nomad cushions in soft washed velvet and naturally washed linen are rich in character and texture.

This combination of two luxurious materials enables you to change the mood of your room with just a flip of a cushion. Featuring a frayed edge and an embossed leather fly, these cushions will provide a luxurious but relaxed look for your room.

A best-seller, our Washed Linen & Velvet Cushion Covers are available in four colours; Desert Beige, Ash Brown, Stone Greige, and Lava Grey.

Available in 2 sizes, 50x50 cm and 50x70 cm.  
We recommend dry cleaning.

# PRODUCT CARE

## INDOOR MATERIAL CARE

### General

Furniture should always be lifted not dragged when being moved.

### Rattan

Our products are made from various types of rattan material, all from plantations in Indonesia. Kubu, slimlit, lacak and malaka are the materials we generally use. The surface is treated with water based / eco-friendly coloured varnish. Recommended for indoor use. When our rattan planters & baskets are left outside, they will breakdown overtime.

Care: Brush off any dirt and wipe with a damp cloth. Colour may fade after prolonged exposure to sunlight.

### Upholstered Furniture

Our linen chairs and sofas are created on a solid wood frame, using a sinuous sprung base. The cushions are a foam core with a luxurious feather and down wrap. Most of our fabrics for upholstered furniture are 100% linen with a Martindale of 20,000. Recommended for indoor use.

Care: Dry cleaning is recommended for linen upholstery. Colour may fade after prolonged exposure to sunlight.

Native Linen Natural and Phoenix Upcycled are machine washable fabrics on a cold gentle cycle. A slight colour difference may be visible. Always use a mild detergent to wash fabric covers and ensure it's highly diluted (recommended ratio 1:100). Do not bleach.

### Leather Upholstered Furniture

Our leather furniture is made from 100% uncorrected aniline leather. It is created on a solid wood frame and its cushions are foam with a fibre wrap. Because leather is a natural product that breathes it must not be exposed to intense sunlight or placed too close to a direct heat source as these could cause it to crack or age prematurely. Avoid sitting on the arms, back or very edge of your leather furniture as this may cause distortion or damage.

Be aware that clothing with transferable dyes, such as blue jeans, could transfer the dye onto light coloured leather furniture.

Our leathers have been hand finished to achieve their distinctive look and feel. They will acquire marks over time enhancing their rugged appearance. Recommended for indoor use.

Care: Lightly dust and vacuum on a regular basis. Never use standard cleaning products to remove dust, spills or stains from leather. Use a reputable and recognised leather specialist product.

### Elmwood

The elm wood in our collection originates from central Asia and its trunk produces very strong furniture that ages beautifully. A coarse appearance and surface with irregularity in the wood is characteristic of our products. The products have received multiple wax treatments at the time of production. Some cracking may occur. Recommended for indoor use.

Care: We recommend treating the furniture by waxing every 4 - 6 months with an uncoloured natural wood wax. Left untreated the furniture becomes more delicate and marks may become permanent. Any stains should be wiped off immediately with a damp cloth. Colour may fade after prolonged exposure to sunlight. Temperature and air humidity also affect how the wood behaves. Some cracking may occur.

# PRODUCT CARE

## Denver & Vermont - Oak Veneer

Our Vermont & Denver collections are a weathered oak veneer with a wax finish.

Care: Wipe with a damp cloth or dust with a soft cloth. We recommend treating the furniture by waxing every 4-6 months with an uncoloured natural wood wax. Left untreated the furniture becomes more delicate and marks may become permanent. Any stains should be wiped off immediately with a damp cloth. Recommended for indoor use.

## Wentworth, Hunter, Trent & Mason - Oak Veneer

The veneer is treated with paint and lacquer in several steps but it still remains natural in appearance. This provides a durable surface that is easy to keep clean.

Care: Wipe with a damp cloth. Do NOT use any strong detergents. Recommended for indoor use.

## Creekwood & Java Oak

A tropical fast-growing wood that has a grain similar to teak wood but with a softer texture. The surface is treated with water based & eco-friendly colouring varnish. Recommended for indoor use.

Care: Wipe with a damp cloth. Some cracking may occur.

## Lanterns

Our lanterns are an indoor product but may be used outside. After use, storage inside is recommended.

## Aluminium - Indoor

Our aluminium products are made by hand from recycled materials. The brass & graphite coloured pieces are electroplated with real brass and copper and then treated with salts to bring out the special look. A thin layer of varnish is applied to the top of the metal. The black pieces are powder coated.

Care: Wipe spills immediately with a soft cloth. Avoid contact with hot surfaces, use coasters for mugs, glasses and vases.

## OUTDOOR MATERIAL CARE

### Teak - Outdoor Tables

Teak is a wood which has particularly good properties for production of furniture and interior fittings. It is hard, heavy, elastic and contains oils which gives it great resistance to moisture. We only use wood from Indonesian plantations to make our teak products. These are treated in 3 steps with lacquer to obtain a weathered worn colour. The treatments / lacquer will gradually fade over time after continued exposure to sunlight and water. Splits, cracking and slight movement should be expected as timber is a natural product.

Care: Our outdoor teak dining tables come with a bottle of Golden Care Teak Shield. It can be purchased from your Artwood stockist for other teak products. Leave the furniture to weather for three months then clean the furniture with a damp cloth and apply the Golden Care Teak Shield with a soft cloth. Once dry the furniture may be used, this process should be repeated every three months.

Failure to care for your teak products may void our warranty.

# PRODUCT CARE

## Outdoor Wicker

Maintenance free furniture woven by hand in all weather wicker, (polyethylene), on a rustproof aluminium frame. Recommended for both indoor and outdoor use, however not in freezing temperatures. May crack after prolonged exposure to strong sunlight and salt.

Care: We recommend regular washing with water and a soft scrubbing brush to remove dirt, dust and salt build up.

## Cushions - Outdoor

Outdoor cushions are produced with quick dry foam and 100% solution dyed acrylic fabric. Cushions should not be left out in humid or wet conditions for prolonged periods of time. If cushions are exposed to wet conditions they need to be dried thoroughly and over winter months we recommend storing cushions inside or under cover. Failure to dry thoroughly may result in mould or mildew.

Care: All covers are removable and washable in cold water; however dry cleaning is recommended. Replacement cushions or covers are available to purchase in the event of damage.

## Concrete

Our concrete furniture is constructed entirely of natural materials, such as granite stone flour, cement, and water. The concrete is cast by hand, therefore some variation of thickness, colour and finish may occur. The products are then sealed with a finishing wax to provide protection from stains and moisture. The furniture should be treated with wax every 3 - 6 months depending on use and placement. We do not recommend leaving concrete furniture outside uncovered over the winter months as this may result in cracking and moisture damage.

Care: We recommend spot cleaning with a mild detergent mixed with water. We do not recommend abrasive citrus household cleaning products as these may strip the outer layer of protection. We recommend resealing the furniture with furniture wax every 3-6 months. In between waxing, the products can be polished with oil to refresh the appearance; everyday olive oil is suitable. Apply a generous amount of oil to saturate the surface and polish in a circular motion until the concrete is uniform and no longer absorbs the oil.

We have two products available for purchase which will help to protect and extend the life of your concrete outdoor furniture, Golden Care Natural & Composite Stone Protector and Golden Care Natural & Composite Stone Cleaner.

**IMPORTANT:** Any concrete product with a lip (Tonga and Dakota Coffee Table / Side Table) needs to be kept under cover if being used outside.

## Powder Coated Aluminium - Outdoor

Our powder coated aluminium ranges include Anson (frame) and Estepona. These products are constructed of aluminium then powder coated for protection. They require very little maintenance and can be cleaned with a damp cloth as required.

Johnston Imports cannot be held responsible for any damage caused during attempts to clean furniture. We highly recommend that professional cleaners should be consulted. Please contact your local store for warranty terms.
